## COMMUNICATIONS FROM THE CITY PLAN COMMISSION

The Common Council of the  
City of Fort Wayne  
City-County Building  
One Main Street  
Fort Wayne, IN 46802

Gentlemen and Mrs. Bradbury:

Attached hereto is the recommendation of the City Plan Commission on one (1) ordinance concerning the amendment of the Zoning Ordinance (General Ordinance No. G-06-80, amending Chapter 33 of the Municipal Code of the City of Fort Wayne, Indiana, 1946). The proposed ordinance is designated as:

BILL NO. Z-86-09-17

Respectfully submitted,

CITY PLAN COMMISSION

Certified and signed this  
2nd day of February 1987.

Robert Hutner  
Secretary

Division of Community  
Development & Planning

BILL NUMBER

BRIEF TITLE

APPROVAL DEADLINE

REASON

Zoning Ordinance Amendment

DETAILS

Specific Location and/or Address

5221 Illinois Road

Reason for Project

To legalize a non-conforming use, and to allow for replacement of the existing structures.

Discussion (Including relationship to other Council actions)

15 September 1986 - Public Hearing

James Springer, attorney representing the petitioners, Ewing-Adams Development, Inc., and Ewing Nursery & Landscaping stated that the property was originally developed as a nursery while in the County and their business as such was legal in the County. He stated when annexed it was brought into the City as an RA, which allowed them to continue the nursery business as a legal non-conforming use. He stated though that in order to due any alteration to the business they needed to be correctly zoned. He stated they are proposing construction of a building to store their equipment. He stated that they have agreed to put in their share of the access road when it is required.

The question was raised regarding what type of construction would be necessary regarding the upgrading of the Lawrence Drain.

Ben Eisbart suggested that the petitioners meet with the staff and see what they would be expected to contribute to the Lawrence Drain improvements.

# DETAILS

There was no one present who wished to speak in favor of or in opposition to the proposed rezoning.

22 September 1986 - Business Meeting

Motion was made to PERFECT to a B-1-B and to return the ordinance to the Common Council with a DO PASS recommendation with the following conditions:

- 1) Provide recorded document, in a form acceptable to the City, that provides a 40 ft frontage road easement at the front of this parcel, and;
  - a) provides that such frontage road shall be constructed at the owners expense when required;
  - b) that all driveways are subject to review and closure, at the owners expense, when required by the City;
  - c) that any and all obstruction to the construction of that frontage road shall be removed at the owners expense
- 2) That a plan for a landscape buffer be submitted and approved by the CD&P Landscape Architect, that provides a 6 ft high buffer along the south property line.
- 3) Contribute to reconstruction of Lawrence Drain, based on a pro-rata or fair basis.
- 4) Once the frontage road is constructed, any existing free standing signs are to be relocated 5 feet south of the 40 foot easement, sign area is not to exceed 32 sq ft and the height is not to exceed 6 feet.

## POLICY/PROGRAM IMPACT

DATE: 8-29-86

RESOLUTION OF ZONING ORDINANCE AMENDMENT RECOMMENDATION

WHEREAS, the Common Council of the City of Fort Wayne, Indiana, on September 23, 1986, referred a proposed zoning map amendment to the City Plan Commission which proposed ordinance was designated as Bill No. Z-86-09-17; and,

WHEREAS, the required notice of public hearing on such proposed ordinance has been published as required by law; and,

WHEREAS, the City Plan Commission conducted a public hearing on such proposed ordinance on September 15, 1986.

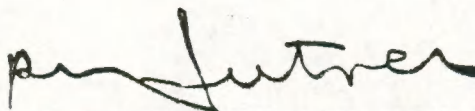

NOW THEREFORE, BE IT RESOLVED that the City Plan Commission does hereby recommend that this ordinance be returned to the Common Council with a DO PASS recommendation based on the Commission's following "Findings of Fact":

- (1) the grant will not be injurious to the public health, safety, morals, and general welfare of the community;
- (2) the use or value of the area adjacent to the property included in the rezoning will not be affected in a substantially adverse manner;
- (3) the need for the rezoning arises from some condition peculiar to the property involved and the condition is not due to the general conditions of the neighborhood;
- (4) the strict application of the terms of the zoning ordinance will constitute an unusual and unnecessary hardship if applied to the property for which the rezoning is sought; and,
- (5) the grant does not interfere substantially with the comprehensive plan adopted under the 500 series of the metropolitan development law.

BE IT FURTHER RESOLVED that the Secretary is hereby directed to present a copy of this resolution to the Common Council at its next regular meeting.

This is to certify that the above is a true and exact copy of a resolution adopted at the meeting of the Fort Wayne City Plan Commission held September 22, 1986.

Certified and signed this  
2nd day of February 1987.

Robert Hutner  
Secretary

Proposal: James Springer, agent for Ewing-Adams Development, Inc. and Ewing Nursery & Landscaping, Inc., for a change of zone from RA to B-3-B.

Location: 5221 Illinois Road

Legal: See file

Zoning: RA

Land Area: Approximately 3.2 Acres

Surroundings:	North	County	
	South	RA	Single family residential
	East	RA & POD	SFR and office uses
	West	R1 & B1B	commercial

Reason for Request: To legalize a legal non-conforming use, and to allow for replacement of the existing structures.

Comprehensive Plan: The General Land Use Policy of the Comprehensive Plan state that rezonings and development proposals should be compatible with existing and planned land uses and should not establish an undesirable precedent in the area to be developed. The goal in the West Sector, where this request is located, is to contain urban growth within the urban service line. This proposal is not compatible with existing land uses in the area.

#### Planning Staff Discussion:

This area of Illinois Road is currently the scene of increased development. It has come under Plan Commission review on numerous occasions, and the Commission has determined a policy to be followed in allowing the commercialization of this area. The immediate proximity of the parcel contains low intensity commercial and office uses, with higher intensities being supported as you near Getz Road. While we are in agreement with the petitioners request to rezone this parcel, we disagree with the requested zoning. The parcel immediately east is a Professional Office District, which is very low intensity in commercial or business use. To the west is a R-1 parcel that is used commercially, and a B-1-B parcel west of that. To approve a B-3-B parcel at this site would create a illogical zoning pattern. We would recommend that this petition be perfected to B-1-B, and conditionally approved. This would allow a 'garden equipment supply store', and would encourage a logical transfer from the very low intensity office development to general commercial as we near Getz Road.

Recommendation: Perfect to B-1-B and Conditionally Approve, contingent upon the petitioner:

1) Providing a recorded document, in a form acceptable to the City, that provides for a 40 foot frontage road easement at the front of this parcel, and;

a) provides that such frontage road shall be constructed at the owners expense when required by the City,

b) that all driveways are subject to review and closure, at the owners expense, when required by the City,

c) that any and all obstruction to the construction of that frontage road shall be removed at the owners expense,

2) That a plan for a landscape buffer be submitted and approved by the C.D.&P. Landscape Architect, that provides a 6 ft. high buffer along the south property line.

3) Contribute to reconstruction of Lawrence Drain.

MARK GIAQUINTA
